# ***ABOUT OUR RESCUE***

Love and Paws Rescue is a 501c3 non-profit dog rescue based in Fort Worth, Texas. Our mission is to save the most at-risk dogs in Texas. We do this by focusing on the dogs that need it most, prioritizing quality over quantity. We are 100% volunteer-run and donor driven, with 100% of the funds raised going to the dogs in our care. To date, we have rescued over 300 dogs, cats, and pigs from all over the state!

Now in our 5<sup>th</sup> year of rescue, we are pivoting the way we support the most at-risk dogs by working to address the revolving door of owner surrenders overpopulating local shelters and rescues. We recognize the unanticipated hardships many are facing, resulting in difficult decisions as a pet owner. Our hope is to be a resource to families so they don't have to make the difficult decision to rehome or surrender their furry family member(s).

Our new supportive services will include:

- Basic needs and supplies
- Personalized care plans (i.e., training assistance, temporary boarding)
- Sudden and/or chronic medical assistance
- Community resources lists and education
- and more!

Additionally, we will continue providing lifetime support for our adoptive families and caring for the four dogs with our rescue currently searching for their forever home.

# ***THE DOGGY DASH***

After four successful years of growing our Spring 5K and 1-Mile Fun Run alongside Cox Racing Services, we're excited to kick things into high gear! Now proudly an official Cox Running Club event, **The Doggy Dash** is a refreshed, rebranded event you won't want to miss!

We invite you to join the race as a sponsor and help us reach our \$10,000 fundraising goal—with every dollar directly supporting the dogs in our care. In return, sponsors enjoy valuable benefits including business promotion, race entries, and the feel-good reward of knowing you're making a paw-sitive impact.
