Mission & Vision

Love and Paws Rescue is a 501c3 non-profit dog rescue based in Fort Worth, Texas. Our mission is to save the most at-risk dogs in Texas. We do this by focusing on the dogs that need it most, prioritizing quality over quantity. We are 100% volunteer-run and donor driven, with 100% of the funds raised going to the dogs in our care. To date, we have rescued over 300 dogs, cats, and pigs from all over the state!

Now in our 5th year of rescue, we are pivoting the way we support the most at-risk dogs by working to address the revolving door of owner surrenders overpopulating local shelters and rescues. We recognize the unanticipated hardships many are facing, resulting in difficult decisions as a pet owner. Our hope is to be a resource to families so they don't have to make the difficult decision to rehome or surrender their furry family member(s).
